Plaza Paving in Silver & Slate
with silver grouting sand

Marks & Spencer /
Sprucefield
Shopping Centre
Lisburn

Hardwearing luxury / Rejuvenation

Plaza paving - the perfect solution to welcome shoppers at top shopping centre.

When it came to supplying quality paving at a busy County Down shopping centre, paving expert AG (Acheson + Glover) was the supplier of choice for contractor F. P. McCann.

AG's Plaza paving was chosen over other options to rejuvenate the exterior of Marks & Spencer's Sprucefield Shopping Centre when the original flagging needed refreshed.

First impressions count, and shoppers at the Sprucefield centre have been impressed by the fresh new paving, which greets them as they arrive at the store.

Project Name

Marks & Spencer,
Sprucefield Shopping Centre, Lisburn

Main Contractor

F.P. McCann

“The new Plaza paving supplied by AG is of the highest quality, which is needed for our busy shopping centre,”

said Denise Greenan, Assistant Centre Manager at Marks and Spencer, Sprucefield.

“There was minimal disruption to shoppers and the work was quick and very well managed. Our piazza area looks very impressive with clean-cut lines and a top quality finish.”

Contractor F. P. McCann already enjoys an excellent working relationship with the Fivemiletown-based concrete manufacturing company and was delighted to partner AG in this latest retail project.

AG presented Marks & Spencer with three design options and by working through them together, a final design was agreed which best met all the job requirements.

Plaza has the high quality look to complement the surroundings. Manufactured using specially selected granite aggregate, its premium, natural form has excellent slip resistance and is also suitable for driving on. To add to the finished look, AG supplied silver grouting sand.

The product comes in modular sizes to create different patterning effects which adds to the finished look.

At Marks & Spencer's in Sprucefield, the 1,600m² area was laid in a mixture of Plaza Silver 300x150x60mm and Plaza Slate 150x150x60mm for a stylish, practical solution to meet the paving needs of a busy shopping centre.

AG are one of the largest suppliers of hard landscaping and building products – but staying as a tightly-run family business, with a well-trained and highly-skilled workforce, has allowed us to maintain a firm focus on product innovation and responsive, customer-driven service.

Everyone within our organisation shares a common focus: to develop products and solutions that enable a built environment that's both aesthetically pleasing and highly functional. With a proud history of market and manufacturing firsts, our engineering, design and sales teams work in close partnership with architects, designers and contractors to develop products that continue to challenge and lead industry standards.
